dated February 11, 2026.

Dear colleagues!

As a member of the Public Chamber of the Russian Federation, I fully support the socially significant White Jaguars project and am confident in its high social value.

Your project is a shining example of a successful civic initiative aimed at solving key challenges in the development of our society: unlocking children's creative potential, strengthening intergenerational dialogue, fostering patriotism, and shaping spiritual and moral values in young people.

The Civic Chamber of the Russian Federation pays special attention to supporting such projects, which create a positive, creative space in the digital environment for the development of harmonious and responsible individuals. White Jaguars effectively combines innovative technologies with fundamental values, making it an important tool in building the society of the future.

I highly appreciate your Foundation's contribution to strengthening civil society and cultural sovereignty in Russia. I am confident that the White Jaguars project deserves the closest attention and broad support.

I wish the project sustainable development, expansion of its audience, and the implementation of all its planned noble initiatives.

Sincerely,
Member of the Public
Chamber of the Russian Federation
