**Letter of Support for the Project
“The White Jaguars”**

The “White Jaguars” project was developed by the “Theosophy” Foundation for the Promotion of Socially Significant and Educational Activities “Theosophy” and aims to develop children’s creative potential and foster the moral and patriotic education of the younger generation through the creation of a unique interactive platform based on the principles of humanism, tolerance, cooperation, and mutual assistance.

To achieve this goal, the project includes a series of activities, such as: holding a project presentation; organizing a drawing contest on the theme “The World Through the Eyes of the White Jaguars”; holding a literary contest on the theme “The Journey of the White Jaguars”; holding a music composition contest and an essay contest; organizing an exhibition of children’s drawings; publishing an album of children’s drawings and paintings, posters, and calendars featuring participants’ work; publishing literary anthologies, booklets, postcards, and sticker sets; and holding an interactive literary exhibition featuring project participants.

Given the public significance of work aimed at supporting and developing children’s creative potential, fostering spiritual and moral values, promoting patriotic education among the younger generation, and strengthening intergenerational ties and intercultural dialogue, the Public Chamber of the Krasnodar Region expresses its support for the goals and objectives of the “White Jaguars” project. Should the project be selected as the winner, the Public Chamber is prepared to provide informational support by publishing up to two articles about its implementation on the official website of the Public Chamber of the Krasnodar Region: op-kk.ru, in the “Partner News” section.
